

To Whom It May Concern:

The American Cancer Society is a nationwide, community-based voluntary health organization dedicated to eliminating cancer as a major health problem. They are on a mission to free the world from cancer and until they do, they'll be funding and conducting research, sharing expert information, supporting patients, and spreading the word about prevention. All so you can live longer — and better.

The Mount Sinai Sailing Association (MSSA) is a family centered sailing organization dedicated to affordable family cruising, racing, and social interaction among sailing enthusiasts on the Long Island Sound. The Association was founded in 1975 and now includes more than one hundred families. Now in its 41st year, the MSSA will again partner with the American Cancer Society to raise crucial funds to support the Society's important mission through a sailing regatta.

The Mount Sinai Sailing Association's annual Regatta will take place on Saturday, September 17th. **To enhance our fundraising efforts in 2022, we ask for your help in our fight against this devastating disease by donating funds, products to be raffled off at the post-race awards ceremony or food to support the post-race ceremony.** Our goal is to use your individual or corporate donation as a way to boost the dollars raised for the American Cancer Society and lead the fight to end this disease. As a way to express our thanks for your tax-deductible donation, we will display your name and/or company's name at the post-race ceremony and record it in the race literature. You will also be invited to the post-race ceremony for public recognition.

On behalf of the American Cancer Society and the Mount Sinai Sailing Society, we thank you in advance for your generosity and support. Your help brings us closer to our goal of providing a cancer free world for future generations.

We are most grateful for any consideration.

Warmest Regards,

Robert Hall
MSSA Co-Chair

Doug Dalessio
